

RANGE TOUR AND DISCUSSION

Tuesday, Nov. 10th

10:00—3 or when everybody gets tired of talking

SPONSORS:

- Duvall Ranches
- NRCS Office—Holly
- Northeast Prowers CD

This will be the first of what we hope will be many very informal meetings of producers exchanging ideas to help each other improve their operations. John wants to show you some things he thinks are working and some he wishes were working better, and get some input from other people to help him along. We hope it will help you, too.

“You won’t make any progress if you don’t feel a little bit threatened.”

- John Duvall

What John wants:

- **Some strategies and tactics to improve pasture productivity, quality and wildlife habitat**
- **Ways to decrease costs, risk, and labor and increase profitability**
- **Evaluate ways to change buffalograss sod to increase the green forage season and decrease supplemental feeding needs**

What John will provide:

- **A noon meal**
- **A look at his livestock and grazing management**
- **A look at some differences in pastures and management to compare and evaluate**
- **Some stimulating conversation with a diversity of opinions to provide food for thought on your own place**
